

# Art: Tie-dye and Sewing Knowledge Organiser

Spiral (tie-dye technique)

Bullseye (tie-dye technique)

Horizontal stripes (tie-dye technique)

## Golden vocabulary:

**Woven:** fabrics that are stronger and more durable.

**Non-woven:** lighter and weaver fabrics.

## Key vocabulary

Tie dye	Tie-dye is a colorful pattern used on clothing. It is made by tying a piece of clothing into a tight bundle and then dyeing it with various colours made from liquids.
Spiral technique	Swirling mixture of colours on a material.
Bullseye technique	Each banded section can be a different colour.
Horizontal stripes technique	The material is folded vertically and then tied off into sections. Each banded section is like a stripe.
Needle	A piece of metal with a point at one end and a hole on the other to put through the thread.
Thread	A fine piece of material used to put through a needle, to use when sewing and holding fabric parts together.

Running stitch

A stitch that goes in a straight direction, in which the needle passes in and out of the fabric at a regular distance.

A plain-woven cotton material suitable for dyeing, printing and applying batik onto.

Felt is a material where fibred are matted, rubbed and pressed together. As felt is a different texture, some parts of the sewing process can be difficult.
