

# What treasures are near us?

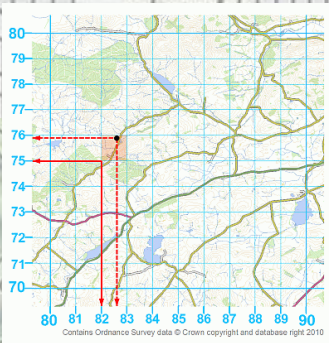

Our Key concepts are...

Organisation

and

Connection

In this half term project, we will be working as geographers to explore our local area and uncover Braintree's hidden treasures. We are going to create an interactive map of Braintree with a **grid reference** overlay. We will invite Year 4 to see our maps and provide critique.

## English Writing: Fiction

The Happy Prince and The Christmas Express

We will be learning fronted adverbials, similes and alliteration.

## English Writing: Non-Fiction

Colchester and Braintree non-chronological report

We will be learning to use commas in lists, well-chosen adjectives and relative clauses.

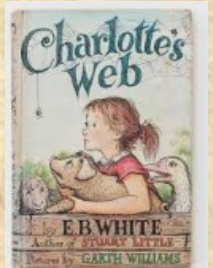

## Science

- Comparing vegan, pescatarian, omnivorous and vegetarian diets in animals, including humans.
- What the 5 main food groups are and why it is important to follow a varied and balanced diet.
- What food waste is, why it is an issue and how it can be avoided.
- Comparing and grouping different kinds of rocks on the basis of their appearance and simple physical properties.

## Guided Reading

Assorted non-fiction texts focusing on retrieval skills

Class book: Charlotte's Web by E. B. White

## Maths

- Complements to 100
- Inverse calculations
- Arrays and their corresponding number facts
- Multiples of 2, 3, 4, 5, 8 and 10.
